

WELCOME TO ALBANY

SHUTTLE BUS INFORMATION

The shuttle bus operates all day in a continuous loop between the ship and central business district of Albany. Each circuit from ship to town and back takes about 20 minutes.

You will be dropped off in the middle of town near the 'Town Square' and can return to the ship from here or another stop at the bottom of the main street.

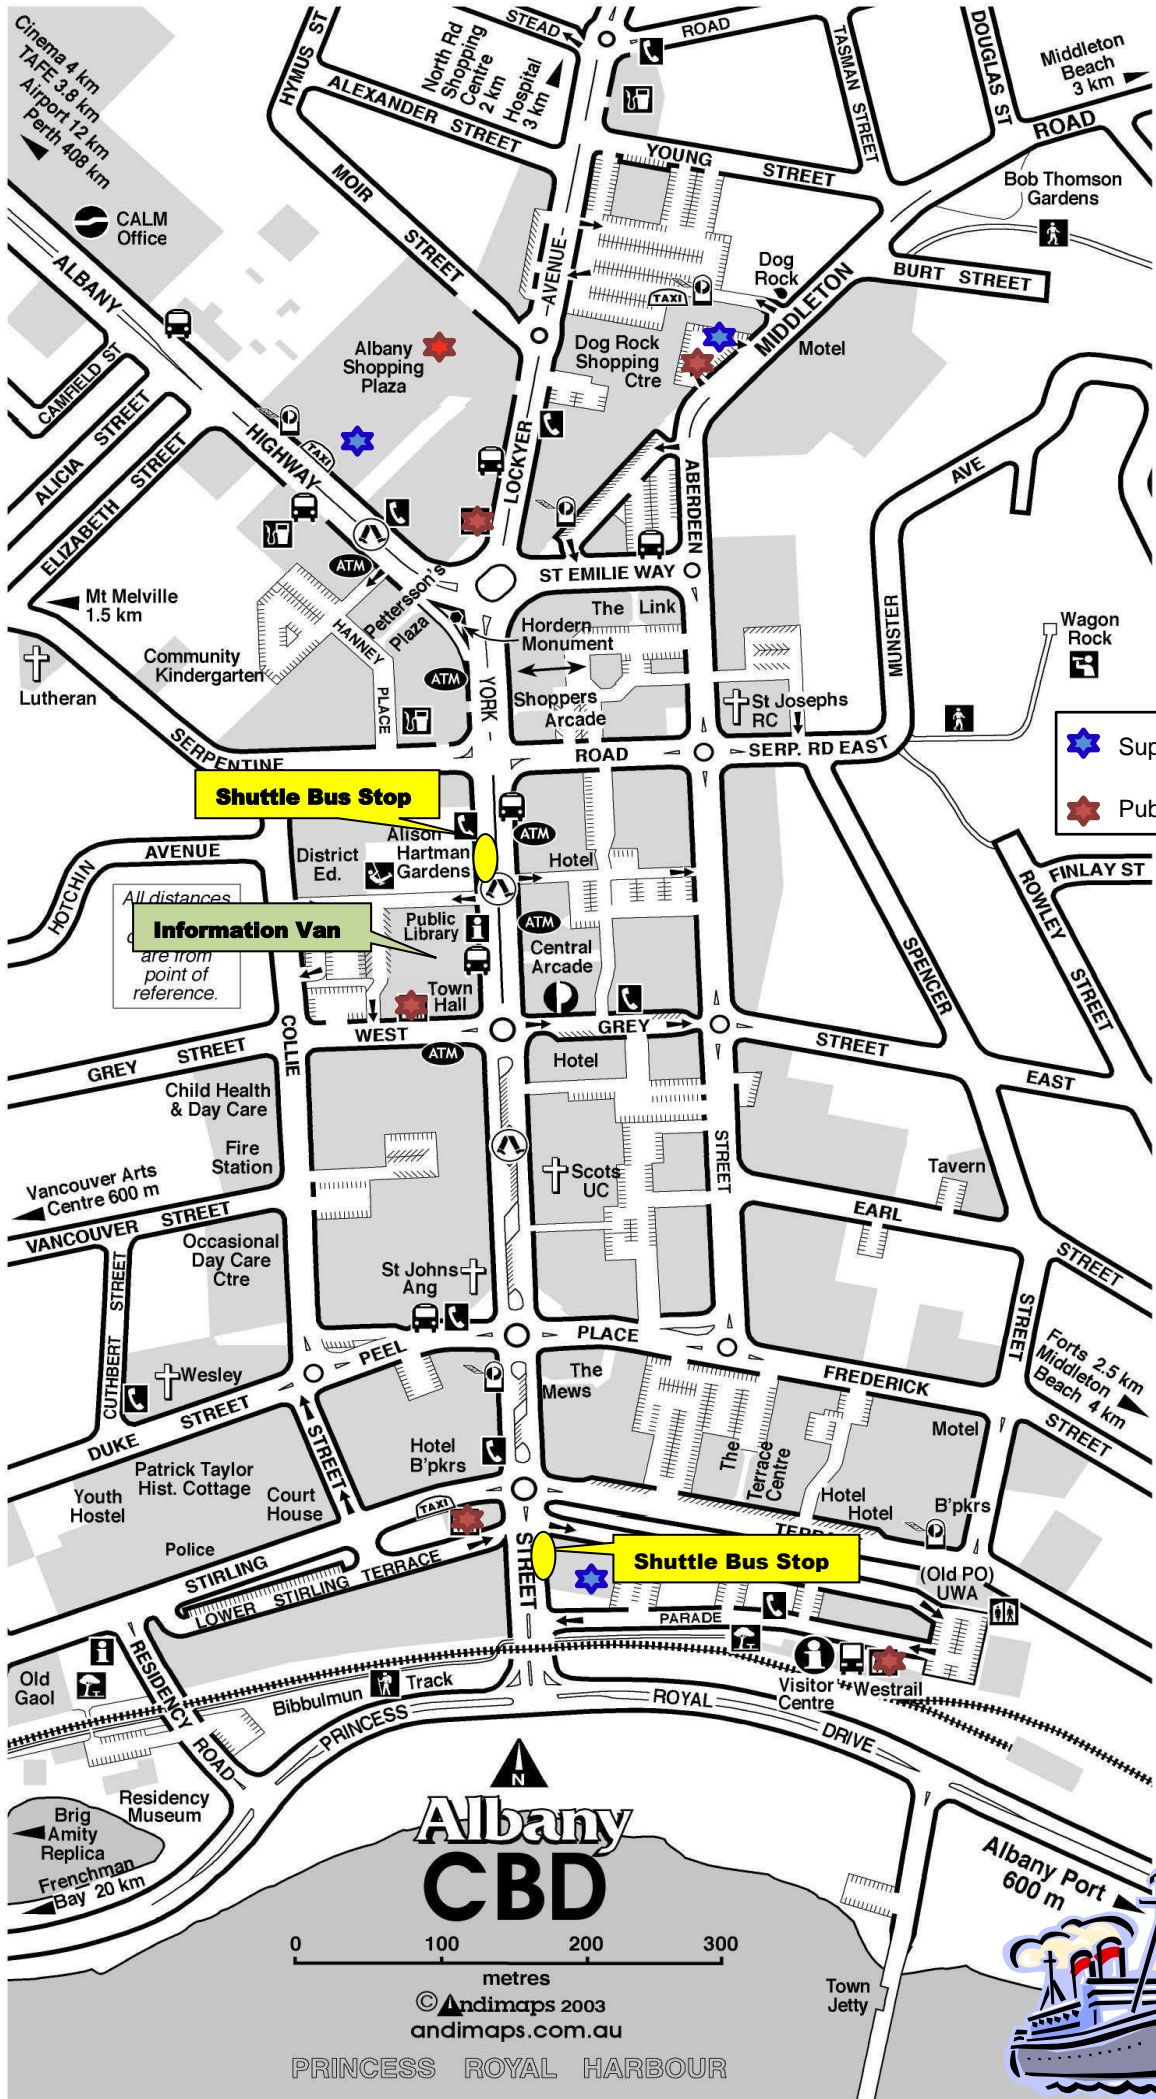

See over page for a map of the CBD with the following facilities marked on it.

-  Bus stops
-  Supermarkets
-  Public toilets

An 'Information Van' is located at the Town Square to help you with short local tours, information and advice on what is available today. Look out for the Albany Volunteer in their bright blue tops with yellow *z*. They will be situated at the bus stops to help you with directions and advice.

Please note that Princess Royal Drive (the main road which runs through the Port) is a busy industrial traffic route. Please be aware of the traffic and heavy haulage trucks. A footpath has been provided for pedestrian use however we encourage you to use the free shuttle buses.

WE HOPE YOU ENJOY YOUR STAY IN ALBANY
